Northspot on April 18

I've helped you get in contact with my friend [REDACTED] can I confirm that the interview he has done was with you guys or the competing group? I would feel severely misled if I was helping the other group, and worked to have [REDACTED] to meet at Gary Con last year, only to find out that I may never see that interview.

Can you confirm that his interview at GaryCon was done by you guys and not the competing project?
