Attachments: Mimecast Large File Send Instructions

I'm using Mimecast to share large files with you. Please see the attached instructions.

Mr. Cantor-

I hope you are well.

As discussed in my email to you dated Monday April 15, 2019, attached please find the affirmation of Stephen W. Tountas, the affidavit of Richard LaRosa, and various exhibits attached to each, which constitute the evidence on which Eros intends to rely at the traverse hearing.

I am using a large file transmission system to send you these documents. You will need to open the attachment to this email, and click the orange "Download Files" button. That will take you to a website, on which you will need to click the orange "Get Access Key" button. That will cause an email to be sent to you with an access key, which you can copy and paste into the "Enter Access Key" field on the same website. That will take you to a page that permits downloading of the files.

Please be advised that Eros expressly reserves all rights, including but not limited to its right to rely on and offer as evidence other documents or evidence not disclosed herewith, particularly insofar as such evidence may be necessary for impeachment purposes.

Please be further advised that Eros' disclosures are conditioned upon its understanding that, pursuant to Justice Cohen's instructions, you will promptly provide proposed dates for the traverse hearing that work for you and Mr. Asensio.

Thank you, and have a good holiday weekend.
